- Thursday 25th July School close for the summer.

DO THE LITTLE THINGS WELL.

WELCOME BACK

Welcome back! We hope you have had a peaceful, safe and enjoyable Easter and are rested ahead of another packed term. We are currently very busy in Year 6, working towards our SATs which will be happening the week beginning the 13th May. We are very proud of all the dedication, hard work and maturity shown by all the children – we are sure they will do fantastically well! There are lots of other things to look forward to this term.

In Literacy we are continuing to read 'The Nowhere Emporium', a book the children are really enjoying. The children have really got to know the characters and will be producing a setting description, eye-witness report and a diary entry.

The Nowhere Emporium by Ross MacKenzie

R.E

The first RE topic of the Summer term is 'Witnesses' where we will learn about how the Disciples were the first witnesses to the glory of God. Our second and third topics are Healing and Common Good. In all our RE topics we will be looking at how Jesus' teachings provide an example of how we should live our lives.

HOW CAN I FOLLOW IN JESUS' FOOTSTEPS?

Maths

At the start of this term we will be covering; angles, problem solving and statistics. The children will continue to be set weekly Mathematics challenges as part of their homework, as

well as the Maths targeted questions in the revision books. These activities help support the learning taking place in class. The children also have access to Rock Star Times tables, this is to help with the fluency and speed of their times tables.

Homework

We ask that you check your child's work and initial it before it comes back to school. It is expected that children in Year Six should read every night for approximately 20 minutes (including reading aloud), and will be asking you to record their reading in the school organiser on a daily basis (including independent reading).

The homework set is directly linked to our work in class and it is very important that your child completes their homework on time.

Spellings and times tables will be tested on a Friday.

St Teresa's
Catholic Primary School

Topic & Science

Our topics for the term will be the Plague and Light and Sound. In the Plague topic, we will be researching and finding out how it affecting communities, including Eyam. We will visit Eyam as part of the topic to get a real life insight and bring the topic to life.

IT

In IT the children going to research and design their own application interface. They will be investigating the types of interfaces available today, what people want from an interface and then design their own interface.

Homework Timetable:

This term homework will continued to be timetabled weekly, the children will have a copy in their organiser. The timetable is as follows:

Monday – Maths—TT Rockstars

Tuesday –Maths revision book

Wednesday – SPAG.com activities set

Thursday – Mathletics

Friday – Grammar Comprehension book

Uniform

As the summer months are approaching, please make sure your child comes to school with a water bottle and a hat. Please also make sure your child is in full school uniform every day which includes following school policy for hairstyles. If you have any questions or queries regarding school policy you can find it on the school website.

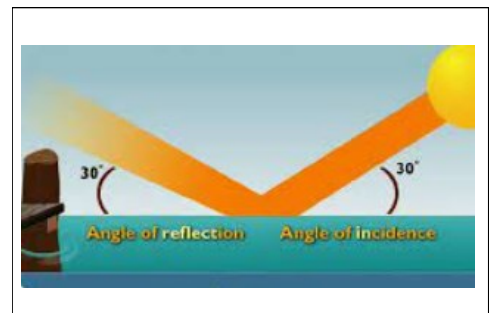

PE

PE will take place every Friday afternoon. It is essential that the children come to school in their PE kit. A list of the PE kit can be found in your child's school organiser. PE is part of the National Curriculum, so it is important that every child takes part. If a child does not bring their kit into school, the school office will call parents to arrange a PE kit to be dropped off in school.

Year 6 Team

May we thank you in advance for your support and we look forward to a very successful Summer term.

Mr Dickie, Mrs Lambert, Mrs Smith and Mrs Sunley.
